Objective

The Endangered Species Conservation Fund (FONCER, acronym in Spanish) is a financial mechanism with assets whose objective is the conservation of endangered species and their habitats in and around protected areas (PAs).

These species include the peninsular pronghorn, California condor, Mexican wolf, and olive ridley and Kemp's ridley turtle.

Lines of work

- 1 Conservation and/or recovery of endangered species and their habitats.
- 2 Participation of local communities that contribute to species conservation management actions.

Achievements

Support to **five projects**
that address strategic activities
to conserve **five priority species.**

Data updated at the end of 2022.

Allies

Donors:

- Global Environment Facility
- United Nations Development Programme

Partner:

- Comisión Nacional de Áreas Naturales Protegidas
